Circular to Parents, School Year 12-13

MS1 No.80

Dear Parents,

Purchase of Summer Exercise Books

To encourage students to fully utilise the summer holidays to learn continuously, some suitable summer exercise books have been chosen for students. They are required to finish all the assigned exercises and return them to the homeroom teacher on the first day of the new academic year.

Joint Publishing will provide sale service between 10 a.m. and 3 p.m. on 27 and 28 June 2013 on the Covered Playground on the G/F on Campus 2. Arrangements for students to buy the summer exercise books during different timeslots will be made by the school. If you wish to use the service provided by the book dealer, please provide an adequate amount of cash or an octopus card for your child so that he/she can purchase the items on the dates mentioned.

Parents may also purchase the summer exercise books from outside bookstores.

The exercise book list is as follows:

	Subject	Title	Publisher	Original price (HK\$)	Discounted price (HK\$)
1.	Math	Longman Mathematics Summer Camp S.3-S.4	Longman	HK\$49	HK\$37

Total: \$37

Yours sincerely,

Paul CHO
Principal
